

15 May 2019

## ***NOTIFICATION OF POSITIVE SAMPLE***

---

On Monday 15 April, 2019, Trainer Mrs. Kathleen Johnstone was informed that the urine sample taken from the greyhound DYNAMIC LEE had shown the presence of TENOXICAM at the Greyhound Racing SA race meeting held at Gawler on Friday 1 March, 2019.

The reserve portion of the urine sample has since been analysed and the presence of TENOXICAM was confirmed.

Mrs. Johnstone is now required to be available for a Stewards inquiry, together with any witnesses that may assist, into the circumstances relating to the obtaining of the positive urine sample. This will be at a date to be fixed.

As a result of this inquiry, charges may be laid pursuant to GRSA Rules of Greyhound Racing.

She was further advised that if she does not attend this inquiry it may be held in her absence and charges may be laid pursuant to GRSA Rules of Greyhound Racing.
